I, Albert W. Wilkerson, Cashier of the above named bank, do solemnly swear that the above statement is true to the best of my knowledge and belief.

ALBERT W. WILKERSON, Cashier.

SPINDLETOP'S BLAZE LADY WAS DRUGGED

Terrible Conflagration Rages at an Early Hour Wednesday. Appears to Have Been the Victim of Knockout Drops.

LOSS WAS IMMENSE. JEWELS EXTRACTED.

Two Hundred and Sixty-Five Dericks Are Reported as Having Fallen a Prey to the Fury of the Fire Fiend.

New Orleans, April 15.—A special to the States from Beaumont, Tex., says loss by fire on Spindletop, which started at 1 o'clock this morning in the Hogg-Swayne tract, is estimated at from \$800,000 to \$1,000,000. Two hundred and sixty dericks were lost. The fire started from a lantern at the Caldwell Oil company's well. The flywheel of an engine struck a lantern and ignited a derick, and the flames spread with tremendous rapidity. Three blocks, Nos. 36, 37 and 38, were in ashes by 3 o'clock. No effort was made to extinguish the fire, for it was impossible to get within 100 feet of the flames. No one was injured.

COWBOY BREAKFAST.

President Will Eat One at Hugo as the Guest of Many Stockmen.

Hugo, Colo., April 15.—The suggestion that President Roosevelt be given an opportunity to partake of a genuine cowboy breakfast as a feature of his entertainment during his brief stop at this place may be carried out. A letter has just been received from Secretary Loeb saying the presidential party will stop here long enough to greet the people early in the morning of that date. It is expected stockmen and cowboys from all over the range in this vicinity will participate in the reception to the president. The breakfast will be spread in true cowboy fashion, with chuck wagon and all.

Freight Cars Burn

Little Rock, Ark., April 15.—The new Iron Mountain shops in Baring Cross had a narrow escape from total destruction. The freight car repair shed was burned, including about thirty-four freight cars and two cabooses. A number of box and coal cars on the rip track alongside the repair shops were burned. The planing mill just south of the repair shops and the wood works shops were saved by the strenuous work of shop employees, who got out the hose and had five good streams playing on the adjacent buildings before the city fire department arrived and took charge. The total loss is estimated at \$17,000 to the Iron Mountain company and about \$3000 to the employees.

Allege Combination.

Atlanta, Ga., April 15.—Judge Emory Speer, in the United States district court at Athens, Ga., granted an injunction upon relation of the Georgia Sawmill association against a number of southern railroads, restraining them from putting into effect a proposed advance of 2 cents per hundred in the rate on lumber shipments to the west. The court orders that the defendant railroads appear at Macon April 24 to show cause why a permanent injunction should not be granted. In their application for injunction the lumber dealers charge that the railroads forming the Southeastern Freight association are working in illegal combination.

Failed to Come to Time.

New York, April 15.—A leading interest in the Rock Island company announced that the proposed purchase of the St. Louis and San Francisco road had been abandoned for the present. Negotiations have been dropped but may be resumed. This same authority declares that the failure of the plan has nothing to do with the recent decision in the Northern Securities case. It was simply a question of price and the parties concerned failed to come to terms.

Sad End of a Courtship.

Savannah, Ga., April 15.—Pursued by a deputy sheriff with a warrant, Ivy Dampier, a young man of Quitman, Brooks county, shot himself to death Monday night. Early Tuesday morning Miss Georgia Rogers, who is said to have been engaged to marry Dampier, placed the muzzle of a shotgun against her breast and discharged it. She is believed to be fatally wounded.

Gone to Algeria.

Marseilles, April 15.—President Loubet, accompanied by the ministers and president of the senate and the chamber of deputies, boarded the armored cruiser Jeanne Tuesday and started for Algiers amid salutes from the assembled French land batteries. A heavy sea and a northwest wind made the embarkation difficult and promised a disagreeable voyage. The Jeanne is due at Algiers in a short time. An imposing array of warships representing Russia, Great Britain, Italy, Spain and France awaits her arrival.

Ratification Doubtful

London, April 16.—A private cable dispatch from Bogota, Colombia, received here says ratification of United States-Colombian-Panama canal treaty is extremely doubtful.

Left Home to Meet Her Husband, Ate at a Restaurant and Remembers Nothing Until After Going to a Hospital.

New York, April 15.—Considerable mystery surrounds the case of Mrs. Clarence V. Graham, who left Bellevue hospital suffering from what doctors say is the effect of knock-out drops or some other drug. Mrs. Graham was about thirty years old. She was semi-conscious and had the appearance of having been drugged. On her fingers were a number of valuable rings. Two rings, however, had the jewels extracted. The woman was assisted out of the handsomely furnished apartment and a physician attended her. As soon as she left the handsomely furnished apartment she rapidly away and she did not utter a word. The case was diagnosed as one of knock-out drops or some other drug. Mrs. Graham became unconscious after being put to bed. After two hours she regained consciousness and was able to tell her name and that of her husband. Later the woman's husband visited the hospital and she told him she left her home about noon on Monday to go shopping. She visited a department store on Broadway, and afterwards went to a restaurant nearby. She said she did not remember what happened after that except she had a faint recollection of being placed in a handsome cab and being driven up Madison avenue. Two rings that had been tampered with, Mr. Graham said, had been set with diamond and ruby. The stones were worth, he said, about \$600 all told. Mr. Graham said he received a telephone message from his wife about 3:30 p. m. on Monday, when she told him she would meet him at his place of business at 5 o'clock. That was the last he heard from her until Tuesday. Mrs. Graham was later taken to her home. Besides the missing jewels, Mr. Graham said his wife lost \$50 in money.

LOUBET AT ALGIERS

French Chief Executive Received Hearty Greeting at That City.

Algiers, April 15.—Algiers is in gala attire in honor of President Loubet, the first chief of state since Emperor Napoleon III to visit French north African possessions. The picturesque ancient city is elaborately decorated. Arches and stands have been erected on the principal thoroughfares, and they, with the principal buildings, are gay with flags and streamers of national colors. Vast crowds filled the boulevard de la Republique, and the streets leading to the wharves, and many Arabs in quaint costumes, mingled with the throngs which awaited the arrival of the great white sultan, as the French ruler is known among the natives. In the harbor were the Russian, British and Italian squadrons sent to extend international greetings of the president; also the French cruiser Duchayla, having on board the Moroccan commission, and Spanish battleship Pelayo with a special envoy of Spain on board. The Portuguese cruiser Don Carlos is on the way.

MISS BIRD A BRIDE.

Her Father Was a Prominent Episcopal Divine of Galveston.

New York, April 15.—The marriage of Miss Grace Bird, daughter of the late Rev. Dr. Samuel Bird, of Galveston, Tex., to Henry Gilbert Hart, Jr., was Tuesday solemnized in the Church of the Incarnation. Only the nearest relatives and a few intimate friends were invited to the ceremony and reception. The bride was given away by her brother, Rev. Wilmer Parke Bird, of the pro-cathedral of this city. Mr. and Mrs. Hart will make their home at Utica.

Alabama Fracas.

Dadeville, Ala., April 15.—A serious shooting affair took place here. Ellis Berkstresser, a boy about fifteen years old, had some words with Bill Thompson, somewhat older. It is claimed Thompson struck Berkstresser. Berkstresser secured a pistol and he and Thompson began deliberately exchanging shot for shot. A stray bullet from Berkstresser's weapon killed John Fuller. Both Berkstresser and Thompson were wounded.

Campau Goes to Binghamton.

Auburn, N. Y., April 15.—Secretary Farrell gave out the decision of the national board of arbitration in the matter of the dispute of the New Orleans Baseball club and Binghamton club in regard to the services of Manager Charles Campau. The board is practically unanimous in its award of Campau to the Binghamton club.

Large Assignment.

Chicago, April 15.—The wholesale boot and shoe house of N. Greenfelder & Co., one of the largest concerns of the kind in this city, has assigned. An inventory of the stock is being taken.

BRYAN, TEXAS, APRIL 16, 1903

Dr. Tabor, state health officer, reports a case of Leprosy in Liberty county.

Bryan must either get good roads or be content to assume a sitting posture in the rear.

A young man from New York lost both legs at Palestine trying to board a freight train.

Members of the legislature are to play base ball for the benefit of the Confederate home at Austin Saturday.

One of the Spanish warships sunk by Dewey at Manila has just been raised and contained eighty skeletons.

A brother of Booker T. Washington has distinguished himself by breaking into jail on a charge of stealing a bicycle.

The governor vetoed the bill to raise the salaries of normal school principals. He says the present salary is high enough.

Burleson county has started out her road commissioner, G. D. Williams, with teams, scrapers and hands, to work on the Burleson county roads.

The Texas local option law will be passed upon by the United States supreme court about the 20th of this month, as to whether it is constitutional. If it goes through that it will be a dandy.

Governor Lanham has submitted three new subjects for legislation to the special session of the legislature, to wit:

1. To provide for uniform text books for the public schools.
2. To authorize counties to issue bonds for building and improving their roads.
3. To provide a method of making application for the purchase of state school and asylum lands.

The governor told the labor representatives that he thinks their organizations are exempt from the provisions of the anti-trust law. But the courts may not take that view of it.

One thousand people are employed shipping berries at Alvin.

The Floto Shows.

There is very little room left for doubt as to the merit of the Floto dog and pony show after one has seen it. This show exhibited here for two days and gave two performances each day. The seating capacity was all taken at each performance, and no more pleased or delighted audiences could have been wished for. That the aggregation is a first-class one in all respects there is no one to question. Every feature is a clean and legitimate attraction. Because it's a dog, pony and monkey show does not signify that it is an exhibition for children only, nor for the parent who goes just to take the children. The remarkable acting of the animals is worth seeing by all grown-ups. Wonderful intelligence is displayed in every animal act, and nerve-tingling feats are performed by the Belford family of acrobats. Seven-year-old Arthur Belford is a wonderful juvenile acrobat. The famous "ricabonni act," which introduces the Arabian stallion "Cyroc" and a troupe of Salambo and Scotch collie dogs, is a feat in animal intelligence and acting seldom witnessed in any show. The company closed its engagement here last night with a packed tent, and the management stated that it was expected to return here for an engagement next fall. If you missed the Floto shows you missed a treat.—Galveston News.

For Sale—Fine variety of chrysanthemums. Mrs. M. H. James. 116

CITY COUNCIL.

The city council met in adjourned session last night.

The bonds of the fiscal agent, marshal and deputy marshal were approved.

Messrs. Howell, Priddy and Searcy were appointed a committee with power to act regarding the building of a switch from the I. & G. N. oil mill track to the Bryan, Ice & Cold Storage Plant.

A motion prevailed unanimously that the council make an appropriate presentation to Mrs. Joe B. Reed as an evidence of appreciation of her good work in the cause of humanity. Mayor Harrison was instructed to carry out the wishes of the council.

The services of a man to look after loose stock were dispensed with and the work turned over to the marshal and deputy marshal.

Marvin Wallace allowed \$37.50 per month for six months as the city's part in payment for street sprinkling, he to make the necessary arrangements for conveying the water by means of pipes and tanks to Main street. The business men are co-operating in the plan.

Adjourned to meet again Wednesday night.

Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol cures indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol Dyspepsia Cure does not only cure indigestion and dyspepsia, but this famous remedy cures all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membranes lining the stomach.

Mr. S. S. Ball, of Ravenswood, W. Va., says: "I was troubled with sour stomach for twenty years. Kodol cured me and we are now using it in milk for baby."

Kodol Digests What You Eat.

Bottles only \$1.00. Size holding 2 1/2 times the trial size, which sells for 50 cents.

J. M. Hazelwood of North Grimes county was in the city yesterday and told the Eagle reporter there are now fifteen cases of smallpox in the vicinity of Cotton and one hundred houses are quarantined on account of persons having been exposed. The cases include both white people and negroes. The situation is in the hands of a health officer and Mr. Hazelwood says every precaution is being taken to prevent a further spread of the disease. Only two deaths have occurred, Mr. John Shannon and Mr. Boney, heretofore reported.

When ordering ask your grocer to send you "Majestic" Breakfast Bacon, Hams and Lard—the best on earth and the same price as other brands. 111

PARRY WAS OVATED

He Was Warmly Cheered Upon Presenting Annual Report.

DELEGATES GOT UP.

Men and Women Clapped Their Hands and a Great Number of Them Stood Upon Chairs and Waved Handkerchiefs.

New Orleans, April 15.—The first day's session of the annual convention of the National Association of Manufacturers ended without any definite conclusions as to whether or not the organization will adopt as its own policy the aggressive hostility to union labor methods outlined by President D. M. Parry in his annual report. Mr. Parry's attitude on the labor question was the chief point of interest for the delegates and it, it is declared, was the cause for the largest delegate representation in the history of the association. When Mr. Parry was introduced at the morning session he received a remarkable ovation, the 600 delegates rising and cheering him vigorously and repeatedly. His report was immediately referred to committee.

At numerous times during the day, in resolutions and in speeches, the matter of trades unionism came to the surface, but at no time was there any test vote by which the attitude of the convention was shown. The frequent outbursts of applause, however, showed intense feeling on the part of the members of the association.

The opening of the convention at Tulane hall was made the occasion of an impressive manifestation of New Orleans hospitality. The local committee had made elaborate preparations for the ladies and the arrangements were carried out to the entire satisfaction of the visitors. The convention hall was profusely decorated with brilliant flowers and foliage of the early New Orleans summer, and when Vice President J. W. Porch of Louisiana called the convention to order, several women residents and visitors were present with the delegates. Mr. Porch, after welcoming the visitors on behalf of the commercial interests of the south, introduced Mayor Capdeville of New Orleans and Governor W. H. Heard, who gave a hearty and eloquent welcome. Then came the features of the day's session in the spirited reception given President Parry. The delegates first applauded with vigorous handclapping, and as the enthusiasm grew men and women arose or climbed on their chairs, cheering lustily and waving hats and handkerchiefs.

Mr. Parry responded briefly and then submitted his annual report, dealing largely with labor conditions.

Following the president's message Marshall Cushing, national secretary, made his annual report, showing an increase in the association's membership for the last year of over 100 per cent.

Numerous resolutions were introduced and referred to committee without debate, among them being the following:

Endorsing the organization of non-union workmen and pledging the association to their support; pledging the support and assistance of members for any member under union boycott; condemning the convict labor system; providing a committee of five to make an effort to settle the present tariff differences between the United States and Russia; providing for an association bureau of labor to investigate and attempt to adjust the labor troubles of members and the endeavor to organize and promote a non-union workmen's association to be known as "The Workingman's Liberty Union"; urging tariff revision on general lines; favoring measures to increase the elasticity of the currency.

A resolution condemning a Wall Street paper for its attack upon President Parry's labor policy was introduced and some debate followed an attempt to have it adopted without referring it to the resolutions committee.

The chairman ended the matter by requesting that the resolutions go to committee in the regular order.

COSTLY PRESENTS.

Probably the Most Valuable Ever bestowed on a Married Couple.

Newport, R. I., April 15.—The marriage of Reginald C. Vanderbilt and Miss Cathleen G. Neilson was characterized by a brief ceremony, Mendelssohn's Wedding March indicating its completion. The bride was gown in heavy white silk with a costly veil of rare lace flowing back from the crown of her head to the end of the train. Around her throat was tightly clasped a serpentine necklace of rare pearls, the gift of the bridegroom.

A reception followed and inspection was made of the bridal gifts, which were declared to be probably as costly an array as ever bestowed on the young people of the east of the United States.

After which Mr. and Mrs. Vanderbilt left for their new home in Sandy Hook, a few miles up the island during the afternoon, where they will spend a few days previous to a three months' trip to Europe.

Desire an Investigation.

Washington, April 15.—The Central Yellow Pine association, composed of lumber manufacturers and shippers in Mississippi, Alabama and Georgia Monday filed with the interstate commission a formal request for an investigation of alleged illegal advantages given to the manufacturers of yellow pine lumber whose mills and plants are located along the Rising river in Arkansas and Louisiana, west of the Mississippi river.

UNION LABOR EXEMPT.

Governor Lanham Says It Is Not Affected by the New Anti-Trust Law.

Austin, April 15.—Governor Lanham has given his answer to the representatives of the labor organizations relative to submitting to the special session of the legislature the recommendations that a law be enacted which will exempt labor unions from the operations of the anti-trust act which was passed at the regular session.

A delegation of these representatives, consisting of Walton Petee of the State Federation of Labor, E. P. Curtis and J. W. Lawson, representing the organizations of railroad trainmen, called on Governor Lanham and petitioned him to recommend some relief measure to the legislature.

The governor declined to submit the proposition. He informed the visitors that he was of the opinion that the anti-trust law did not apply to labor organizations and that there was no need of supplemental act exempting them from its provisions.

TEXT BOOK BILL.

Provisions of the Measure Introduced in the Senate.

Austin, April 15.—Under the terms of the textbook bill introduced in the senate the board to select the books is composed of the governor and four teachers to be appointed by him, none of whom shall be connected with normal schools.

The textbooks now in use are to be readopted provided they shall be found with equal merit with books offered at the same or higher price in competition. The best books are to be selected.

The books adopted by the board are to be introduced and used as textbooks to the exclusion of all others on Sept. 1, 1903, or as soon thereafter as practicable. All cities having a population of 10,000 or over are to be exempted from the provisions of the act.

Two More Vetoes.

Austin, April 15.—Governor Lanham has vetoed the pharmacy and quarantine bills.

GRAND ARMY.

It and Woman's Relief Corps Convene at Dallas.

Dallas, April 15.—The first session of the eighteenth annual encampment of the Grand Army of the Republic of the state of Texas, together with the Woman's Relief Corps, was held Tuesday. General Fred D. Grant, son of the late ex-president, made an address that was received with marked favor. He paid a touching tribute to the wives and daughters of the soldiers. Colonel Mann introduced Captain D. E. Grove of Dallas, an ex-Confederate, who extended a welcome on behalf of the mayor and Commercial club. Department Commander Haskell, of Denison delivered an address.

At the Oriental hotel General Grant met a number of old soldiers.

Cotton Manufacturers.

Waco, Tex., April 15.—The Texas Cotton Manufacturers' association held its annual convention here. President Fairbanks made a speech dealing with the interests of the organization and J. C. Saunders of Bonham discussed the effect of restrictive legislation on the industry of converting raw cotton into yarns and fabrics.

Democrats Probably Win.

El Paso, Tex., April 15.—The municipal election here was the closest contest ever held in this city. Indications are that the Democratic ticket, headed by C. R. Moorehead for mayor, has defeated the Union Labor ticket by a small majority. The vote was heavy and returns from two of the four wards give Moorehead a majority of 168.

Fifteen Per Cent Dividend.

Tyler, Tex., April 15.—At a deferred meeting of creditors of A. Wettermark, banker, who recently failed at Henderson, held in this city before Referee C. G. White, a dividend of 15 per cent. He was accompanied by a retinue of gaily attired courtiers.

Fire at Nacogdoches.

Nacogdoches, Tex., April 15.—Fire broke out here at 2 o'clock Tuesday morning, upstairs in the Huntley building, on east Main street, and resulted in \$16,000 loss.

Sons of Hermann.

New Braunfels, Tex., April 15.—The grand lodge Sons of Hermann met here in annual convention and transmitted much business. Delegates were tendered a moonlight picnic.

Twelve Indictments.

Nacogdoches, Tex., April 15.—The grand jury has indicted B. S. Wettermark for alleged forgery in twelve different cases.

Rode an Elephant.

Dallas, April 15.—The Kaliph in the parade here Tuesday rode an elephant. He accompanied by a retinue of gaily attired courtiers.

Goes to Supreme Court.

Washington, April 15.—The case of August Busch et al. vs. G. F. Webb, county judge of Grayson county, Texas, asking continuance of order issued by Judge Bryant at Beaumont restraining commissioners' court of Grayson county from publishing result of local option election until United States supreme court can pass on it will be heard by that body Monday. Plaintiffs contend entire local option law of Texas is invalid.

Arias Surrenders.

San Salvador, April 15.—Juan Angel Arias, who was appointed president of Honduras by the retiring president, General Sierra, has surrendered to the forces of General Bonilla, the president-elect of Honduras, whose forces occupied Tegucigalpa, the capital of that republic.

NEW ORGANIZATION.

Southern Association of Newspaper Publishers Formed at Atlanta.

Atlanta, Ga., April 15.—The Southern Association of Newspaper Publishers was organized in this city with representatives present from the leading newspaper publications of the southern states. A constitution was adopted and the following officers were elected:

President—H. H. Cabaniss of the Atlanta Journal.

Vice president—Bruce Haldeman of the Louisville Courier Journal.

Secretary and treasurer—F. B. Glass of the Montgomery Advertiser.

The following executive committee was named: Robert Ewing of the New Orleans States; Rufus N. Rhodes of the Birmingham News; D. A. Tompkins of the Charlotte Observer; J. C. Hemphill of the Charleston News; Edgar M. Foster of the Nashville Banner; F. T. Stockton of the Jacksonville Times Union and Citizen; A. P. Holdrby, Jr., of the Richmond Dispatch.

According to the constitution of the organization it was formed for the mutual benefit of its members and to promote the best interests of papers comprising the organization. The association will be not antagonistic to any other newspaper or association.

KILLED THREE.

That Number of Fatalities Result from a Terrific Windstorm.

Montgomery, Ala., April 15.—A special to the Advertiser from Evergreen, Ala., says: A terrific windstorm, accompanied by rain and hail, passed over the western portion of Conecuh county, resulting in the death of three persons. H. H. Salter, his mother and child were riding along a road, and when opposite a clump of trees, the storm overtook them, the wind uprooting the trees, which fell across the wagon, crushing all three of the occupants.

Much damage is reported to growing crops. Hallstones fell as large as hen's eggs.

WORK OF TORNADO.

Ten Persons Are Reported to Have Lost Their Lives as a Result.

Birmingham, Ala., April 15.—Specials to the Age-Herald from Evergreen, Ala., says: News has just reached here by telephone confirming the rumor of appalling loss of life and property in the neighborhood of Peterman and Burnt Corn wrought by the tornado which passed near there Monday.

Ten persons are known to have been killed and numerous barns, residences, fences and out-houses were swept away, entailing a loss which will reach high in the thousands.

BREAK REPAIRED.

Prompt and Effective Work Stopped the Hole in Waterloo Levee.

New Orleans, April 15.—Prompt and effective work arrested the threatened destruction of Waterloo levee about seventy miles above this city on the east bank of the river. A crawfish hole had developed near its base and widened to a diameter of eighteen to twenty inches. For a time there was much apprehension that the levee, softened by the length of time the water has stood against it, would go, timely alarm was given. President Leake of the levee board, State Engineer Lewis and the planters with men and material hurried to the scene and after a day of hard work a run round was completed and the source of the trouble made reasonably secure. Work of bracing the levee will continue. This was the first serious scare the Pontchartrain district has had during the present season of high water. A break at Waterloo or in that vicinity would inundate a vast area of cotton, sugar and truck farming land, put the Mississippi Valley Railroad out of business and damage the Illinois Central.

Considerable progress was made at Hymelia in the construction of the five hundred feet of cribbing to enclose the break in the old time line. Labor is less plentiful than is needed but it is expected that the forces will be augmented as the work proceeds. The reports are to the effect that the new cribbing is holding but the forces have not yet encountered the heavy current and the increased depth of water which they are certain to find in front of the break.

Legislative Expenses.

Guthrie, Okla., April 15.—The territorial auditor announces that the total expenses of the recent legislature amounted to \$18,188, an increase of \$7000 over the 1901 legislature. It is claimed that this was due to extravagance in employing clerks, especially in the house.

Three Cars Turned Over.

Oklahoma City, Okla., April 15.—A Frisco passenger train was derailed near Weston. Three cars were turned over and several hundred feet of track torn up. Charles Brown of Kansas City was seriously cut and bruised.

Mother and Child Burned.

Chickasha, I. T., April 15.—While Mrs. Thomas Lindsay was cleaning a coat of her husband with gasoline an explosion followed and she and her little daughter were awfully burned. Both will die.

MINOR MATTERS.

Waxahachie, Tex., received 427 bales of cotton on the 11th.

There are eight murder cases on court docket at Antlers, I. T.

In a difficulty near State Springs, B. Vaught was shot twice and killed.

St. Louis parties are figuring on purchasing land in Cherokee county, Texas, and engaging in smelting of iron.

By prompt action of Commodore Drake of United States ship Maryland a plot that would have cost Chinese lives was averted.
